

## Our Services

Risk Assessment, Insurance Broking and Financial Planning. As our name suggests, Macarthur Insurance Brokers is an insurance broking firm focused on assisting businesses in Macarthur with their insurance needs.

In addition to our office at Narellan we also have offices at Liverpool, Erina and Tamworth. Our staff are qualified with many years of experience. Within our organisation we have dedicated specialists able to assist you with your General Insurance, Life Insurance and Workers Compensation needs.

As we are an insurance broker we work for YOU and not an Insurer. Therefore our focus is to help you protect YOUR business. Whilst we are a locally based and focused business we have strong buying power throughout Australia as well as access to overseas markets (such as London). We are able to negotiate competitive premiums without losing sight of what is important— Protecting Your business and providing you with the level of service you deserve.

Enquiries? Please call 1300 85 APEX.
